

BoardDocs

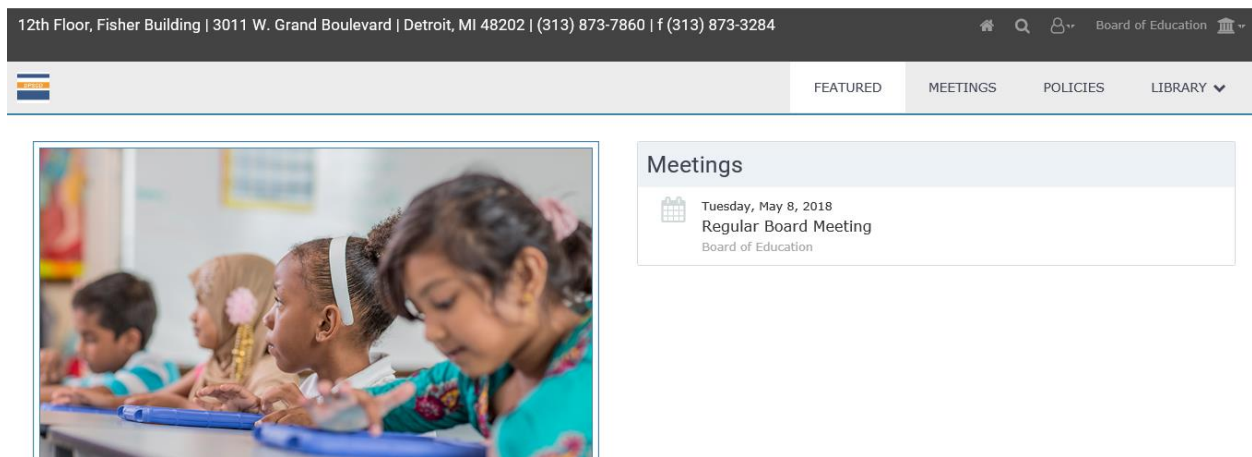

BoardDocs is the District's cloud based, board management system that provides access to all board agendas. It is home to a searchable online index of agendas, board packets, minutes and policies.

If you want to stay more in touch with district policies and procedures, you will want to navigate the District's paperless school board system which can be accessed by clicking the following link:

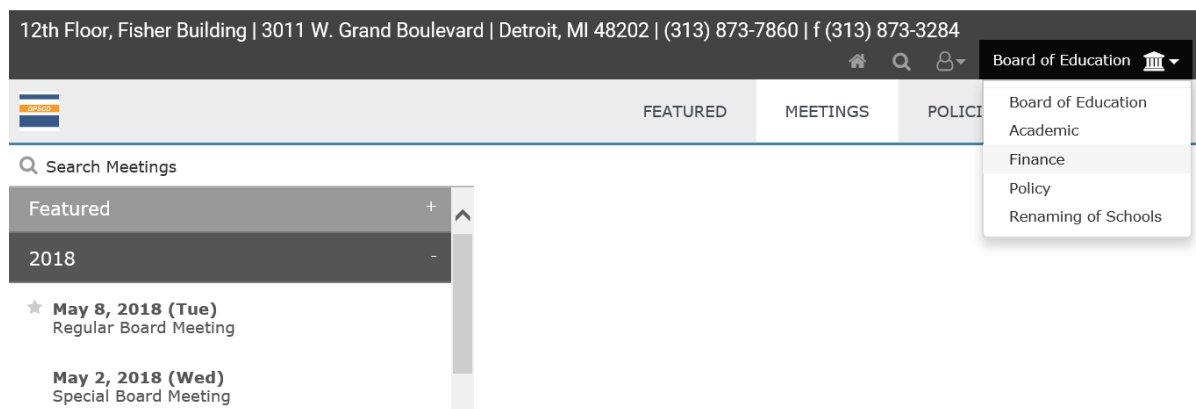

<http://www.boarddocs.com/mi/detroit/Board.nsf/Public>

Wondering How to Navigate the Paperless School Board System?

Featured Tab: The featured tab shows the upcoming meeting and allows you to click on the link to view the agenda.

Meetings Tab: The meeting tab allows you to view all current and previous agendas.

Meeting Type: To search for a specific type of meeting, in the right-hand corner of the screen, use the drop-down menu to select from either Board of Education which is a regular board meeting or one of the sub-committee meetings (academic, finance, policy, renaming of schools). Once you select the type of meeting you are searching for, you will be able to view meeting documents.
