Approved by: Detroit Board of Education

1.0 Policy

Annually the Board will approve a plan for student assignment to schools which will meet requirements for school integration throughout the district.

The plan will establish school attendance areas and provide for the busing of students when this is necessary.

Note: Various schools have open enrollments on a citywide or areawide basis. These include certain elementary and middle schools, the vocational/technical centers, and other special schools. The annual plan for pupil assignment must meet with court approval.
