How will World's Worst Pet help my child?

World's Worst Pet is a vocabulary building program designed to improve your child's Reading comprehension.

Reading Level	Game Level
Level 3	Level C
Level 4	Level D
Level 5	Level E
Level 6	Level F
Level 7	Level G
Level 8	Level H

How is the game structured?

World's Worst Pet is structured to provide repeated exposures to a cluster of conceptually related target words.

- Each level has multiple sets.
- A set first defines 10 conceptually related target words and then provides multiple activities for repeated exposures.
- Activities include word context, word sort, synonyms, and antonyms.
- Students are encouraged to replay each set to improve their score.
- At the end of each set, students have an opportunity to apply the target words in writing.

How does my child change levels in the game?

Your child may decide a particular level is too easy or too hard. It is easy to change levels by going back to the “Choose a Level” screen. Your child can also change the set of activities they are doing by going to the “Choose a Set” screen.

How often should my child play World's Worst Pet?

- Consider encouraging your child to play this game 2–3 times a week.
- Students play or replay one set of conceptually related words.
- Replay of each set is a critical part of repeated practice. Encourage students to replay each set to improve their score.
- Writing prompts can be optional and assigned based on whether you want to offer your child writing opportunities at home.
