### PROGRAM AREAS

**General Aviation** exposes students to knowledge of general aviation subjects that apply to both airframe and powerplant structures and systems. Included in this program are aviation welding and drafting.

**Aviation Airframe** exposes students to the structural maintenance and repair of aircraft and introduces students to the procedures for testing, servicing, and repairing electronic navigational and communication equipment on the aircraft.

**Aviation Powerplant** exposes students to the maintenance and repair of aircraft engines.

Students who exhibit exemplary academic aptitude have the opportunity to participate in the Davis **Flight Training Program**.

All programs are based on a FAA approved curriculum. Students who earn credits in grades 9-12 may continue their studies in the Davis Post-Graduate Program to receive FAA Aircraft Mechanic Technician's Certification with powerplant and/or airframe ratings: 

## Please read and sign in the appropriate spaces

- I understand that *Air Force Junior R.O.T.C.* is a part of our program requirement, and I will be expected to participate to satisfy the Physical Education and Health requirement for graduation.
- I understand that Davis Aerospace *does not* offer any sports, music or arts program.
- I understand that Davis Aerospace is an application school and I must maintain an overall grade point average (GPA) of *2.5 to maintain enrollment at Davis Aerospace.*
- I understand that Davis Aerospace students are expected to follow a *uniform dress code* and agree to comply with the policy.
- I understand that *Parental involvement is required* of Davis Aerospace parents or guardians. I understand I am expected to be an active participant in my child(rens) education and in the school's programs.
